

# BRAINERD DAILY DISPATCH

Volume 9, No. 10

BRAINERD, MINN., MONDAY, JUNE 14, 1909

Price Two Cents

## SOLDIER SHOTS THREE OFFICERS

Corporal Crabtree Then Tries  
to Commit Suicide.

REPRIMANDED BY HIS CAPTAIN

Non-Commissioned Officer Angered at  
Being Censured for Overstaying His  
Leave of Absence—Wounds Cavalry  
Captain and a Sergeant and Corporal  
Who Attempted to Disarm Him.  
One of Victims May Die.

Des Moines, Ia., June 14.—Corporal  
Lisle Crabtree fatally shot Captain  
John C. Raymond, commanding officer  
of Troop B, Second United States  
cavalry, at Fort Des Moines, then shot  
and seriously injured First Sergeant  
James H. Washburn and Corporal E.  
Such, who attempted to disarm him,  
and then fatally shot himself.

Crabtree's injuries are not necessarily  
fatal, the bullet striking a rib  
above the heart and crushing it.

Crabtree had been reprimanded by  
Captain Raymond because of his failure  
to report when his leave of absence  
had expired. He had spent the night  
in Des Moines and was to have  
returned to his barracks at 7 a. m.  
Crabtree was summoned by Captain  
Raymond and questioned as to his  
conduct, whereupon the corporal hotly  
insisted he had leave of absence  
till 7 a. m. at night. Captain Raymond  
accepted this explanation and the  
incident was considered closed, when  
Crabtree demanded that he be  
transferred to another department of  
the army, which Captain Raymond refused  
to consider, telling the corporal he  
could not do that as long as he was  
not a good soldier.

Immediately Crabtree pulled a revolver  
from his pocket and begun firing.  
Sergeant Washburn jumped to his  
feet and grappled with the soldier,  
receiving a bullet in the head and one  
in the jaw which shattered the bone.  
Captain Raymond had seized the  
man's arm and was about to disarm  
him when a bullet struck him in the  
neck, lodging in the spine, and he  
dropped to the floor paralyzed.

A bullet struck Corporal Such in the  
left arm. Crabtree then fired a bullet  
into his own body.

Captain Raymond is the son of  
Brigadier General Charles A. Raymond,  
retired, formerly of the engineers  
in charge of rivers and harbors  
and stationed at New York. Captain  
Raymond is thirty-eight years old and  
a member of a well known military  
family in the East. He was commissioned  
from Pennsylvania.

## TO FIGHT THE SUGAR TRUST

Adolph Segal Preparing to Tackle the  
Octopus.

Philadelphia, June 14.—Adolph Segal,  
so friends of his in this city declare,  
is preparing to try the fat out of  
the sugar trust. The settlement  
forced by George H. Earle, Jr., receiver  
of the Pennsylvania Sugar Refining  
company, has furnished the long  
sought opportunity to feed to the limit  
the ancient grudge he bears to the  
corporation that shut him out of his  
property in Philadelphia.

Segal, it is stated, intends to have  
every farthing that is coming to him  
from the American Sugar Refining  
company, which put him out of the  
refining business in this city.

That not only means the return of  
all his stock and bonds in the refinery,  
but the \$1,000,000 loan pledged  
on the Hotel Majestic and the profits  
of the trust during the entire period  
the Segal refinery has been closed under  
the vote of the dummy directorate of  
the trust.

Representatives of Mr. Segal say  
the Segal refinery has not deteriorated  
and that sugar can still be manufactured  
there more cheaply than in any  
plant in the United States.

## General John S. Kountz Dead.

Toledo, O., June 14.—General John  
S. Kountz, past commander-in-chief  
of the Grand Army of the Republic,  
died at his home here of  
Bright's disease. General Kountz enlisted  
in Company G, Thirty-seventh  
Ohio volunteer infantry, when he was  
a lad of fifteen, and was elected commander-in-chief of the Grand Army of  
the Republic in 1884, serving one  
term.

## Child Drowns in Cellar.

Larnesville, Minn., June 14.—A sad  
story has just come to light from  
Georgetown, this county. The two-  
year-old son of Tony Diemert of that  
place was drowned by falling into a  
cellar filled with water.

## HONDURAS CABINET QUILTS

Political Differences Responsible for  
Resignation of Members.

New Orleans, June 14.—A special  
from Puerto Cortez, Spanish Honduras,  
says:

Political differences which have existed  
in the official family of President  
Davilla for some time past culminated  
on June 5 in the resignation of  
or dismissal of his entire cabinet.  
The new cabinet as now formed is  
as follows:

Rafey Lopez, minister of war; Rosendo  
Contreras, minister of hacienda;  
Marcos Velasquez, minister of foreign  
relations; Vicente Majla Colladas,  
minister of public instruction.

## Italian Bleeds to Death.

Glencoe, Minn., June 14.—An Italian  
named Rocco, one of a large gang of  
Italians who are at work along the  
Milwaukee railroad, was accidentally  
shot in the leg with a shotgun by a  
fellow workman and bled to death before  
medical aid could reach him.

## LIGHTNING STRIKES STEEPLE OF CHURCH

Kills One Man and Shocks Several  
Other Persons.

Green Bay, Wis., June 14.—Lightning  
struck the steeple of Holy Cross  
Catholic church at Bay Settlement  
north of here and killed one man and  
shocked and injured sixteen others,  
two of whom may not survive, while  
mass was being sung.

Panic prevailed for several minutes  
following the crash of the lightning.

Father Michers tried in vain to quiet  
the excited congregation, which  
consisted of over 200 persons. The dead  
man is Edward Duchane, aged twenty  
years, of Bay Settlement.

Annie Steppin, aged twenty-five,  
was seriously injured.

John Greenwood of this city was  
struck on the right shoulder and a  
hole burned through the flesh, the injury  
extending across his back to the  
left hip. His right leg was also  
burned.

Two persons each had one-half a  
shoe cut squarely off as they sat  
in their pews.

## STEAMER LOPEZ IS FLOATED

Pulled Into Deep Water and Taken to  
New York for Repairs.

New York, June 14.—After resisting  
the hard pulling of wrecking tugs for  
two days, the Spanish liner Antonio  
Lopez, which ran aground off Point  
O'Woods, L. I., Wednesday night,  
with more than 500 passengers aboard,  
was pulled into deep water and a tug  
brought her to New York for repairs.

Although all passengers were safely  
rescued on the day after the accident,  
the stranded steamer claimed one  
death. Fred Steward, a member of  
the wrecking crew, fell overboard from  
a barge and was drowned.

## FAIR CHANCE OF RECOVERY

Chicago Man Who Shot Officers Is Not  
Fatally Wounded.

Chicago, June 14.—George Bissit,  
alias George Kelly, who shot and  
killed Detective Sergeant William  
Russell and wounded Detective Thomas  
Stapleton and was shot twice by the  
latter, has a fair chance of recovery,  
according to the physicians attending  
him. It was thought that Bissit,  
who was shot in the abdomen and  
left arm, was fatally wounded when  
he was taken to the hospital, but he  
displayed remarkable recuperative  
powers.

Detective Stapleton's wound was  
merely a scratch across his scalp, and  
he soon will be discharged from the  
hospital.

Bissit has an unenviable police reputation  
and is said often to have made  
the boast that he would rather shoot  
a policeman than do anything else he  
knew of.

## World's Record Broken.

St. Louis, June 14.—A. C. Marmod  
of St. Louis, by breaking 100 straight  
targets here, won the amateur championship  
in the thirty-second tournament  
and registered shoot of the Missouri  
State Sportsmen's Game and  
Protective League. Lester German of  
Aberdeen, Md., was the high professional  
with a record of breaking 224  
out of a possible 225 targets. O. N.  
Ford of Central City, Ia., broke the  
world's amateur record by breaking  
342 targets consecutively.

## VOTE ON TARIFF BILL IN SENATE

Mr. Aldrich Hopes It Will Be  
Taken This Week.

AGREE WITH HIS PREDICTION

Many of the Conservative Republicans  
and Many of the Democrats Believe  
That the End of the Tariff Discussion  
in the Senate Will Be Reached  
by Saturday—Progressives No So  
Optimistic.

Washington, June 14.—The feeling  
in all factions in the senate is that  
the tariff bill is approaching the last  
days of its consideration in the senate.  
Senator Aldrich is hopeful that  
the end may be reached by next Saturday  
and many of the conservative  
Republicans as well as many of the  
Democrats are inclined to agree with  
this prediction. The "progressive"  
Republicans are not quite so optimistic,  
but Senator Beveridge is of the  
opinion that the final vote will not be  
postponed beyond the end of next  
week.

The income tax amendments to the  
bill will be taken up for consideration  
on Friday and a vote may be reached  
on the proposition the same day. It  
is possible, however, that efforts may  
be made to secure a still further postponement  
of a vote.

The week will be devoted to a general  
cleaning up. With the exception  
of one disputed point in the silk  
schedule the senate last week concluded  
its second consideration of the  
bill and disposed of all paragraphs of  
the schedule on which the committee  
had reported. Among the questions  
not acted upon in committee were  
many disputed points, but there will  
be an effort to clean them up rapidly  
and it is believed that comparatively  
little time will be taken on any of  
them. Among the more important  
provisions still to be considered are  
those pertaining to lumber, wood pulp,  
print paper, hides, coal, zinc, window  
glass, scrap iron, cotton ties, common  
bagging, leather, leather goods, binding  
twine and petroleum.

## Rough Lumber on Dutiable List.

Rough lumber remains on the dutiable  
list, but the question of the  
amount of duty and the differential between  
the duty on rough lumber and  
on the manufactured article remain to  
be settled. In the paper schedule the  
principal items to be considered are  
the duty on ground wood and print  
paper. It seems probable that ground  
wood or pulp will be left free, but  
that the rate on paper will be made  
\$4 per ton instead of \$2, as fixed by  
the house, and \$6 as in the present  
law. This provision will be left open  
as long as possible to permit Senator  
Hale, who has been absent because of  
illness, to be present when the subject  
comes up. He will stand out  
staunchly for a stiff duty on all of  
these articles.

Hides, coal and petroleum are giving  
the finance committee no little  
concern, but the present indications  
are that the senate will place a duty  
on all of these articles.

Zinc, zinc ore or blocks and pigs  
and sheets and other zinc paint  
products are still to be considered, as are  
sulphate of ammonia and barytes. Sulphate  
of ammonia is used in fertilizing  
and the farmers are making  
strenuous efforts to have it retained  
on the free list, where the house bill  
put it, while the manufacturers are  
contending for a duty. It now appears  
probable that the farmers will win.  
Barytes is a Missouri product and  
Missouri Republicans are strenuously  
urging an increase over both the  
senate and house rates. The outcome  
is uncertain.

There is a demand for a reduction  
and a reclassification of the window  
glass schedule, but any prediction as  
to what the result might be would be  
misleading. The same may be said  
of the contest between pig iron and  
scrap iron in the metal schedule.

## Lutherans Meet in Iowa.

Des Moines, Ia., June 14.—The annual  
conference of the Evangelical Lutheran  
Church of America opened at  
Clear Lake, Ia., with 500 in attendance  
from Illinois, Wisconsin, Minnesota,  
Iowa, Nebraska, North and South  
Dakota. Rev. J. M. Shelby of  
Clarissa, Minn., president of the board  
of elders, opened the services with prayer.

## Hill in Western Canada.

Winnipeg, Man., June 14.—James J.  
Hill has informed Mayor Jamieson of  
Calgary that he is rushing to completion  
the Bentleyn (British Columbia) branch  
road with the object of getting  
a strong foothold on the Rocky  
Mountain section of Canada, so as to  
be able to reach out and tap the  
prairie provinces.

## That Embroidery Sale of Ours

This is the week when we will give you the opportunity of selecting  
any piece of embroidery from our superb collection at a reduction.  
There is not a piece of flouncing, embroidery, insertion or beading  
reserved. Every yard is on sale.

Come in this week if you want embroideries. It will well pay  
you to anticipate your needs. Even tho you should not expect to  
use them for some weeks or months. This sale is on this week only.

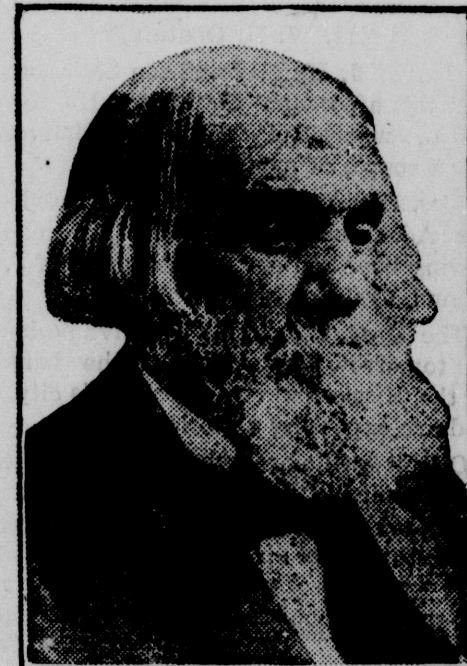

"MICHAEL'S"

"MICHAEL'S"

## BODY VIEWED BY THOUSANDS

That of Dr. Edward Everett Hale Lies  
in State.

Boston, June 14.—Under the gold  
domes of the Auditorium of the South  
Congregational church, where for so  
many years Edward Everett Hale  
broke the bread of life to his people,  
there gathered the great Unitarian  
family of Boston to pay a last reverent  
tribute to the earthly form of the  
great leader of Unitarianism, the  
preacher-author, philosopher and friend  
of all mankind, while at the same  
hour a host of friends and admirers  
of Dr. Hale gathered at the Park  
Street Unitarian church to listen to  
eulogies by clergymen of many creeds.  
Throughout the city from sunrise to  
sunset flags were floated at half-mast  
by order of the city's chief executive.  
The body of Dr. Hale lay in state  
for three hours in the South Congregational  
church and was viewed by  
thousands. The church was then  
closed to all except members of Dr.  
Hale's family, former parishoners,  
close friends and representatives of

EDWARD EVERETT HALE.

other Unitarian churches and various  
societies. The British ambassador,  
James Bryce, and Governor Eben S.  
Draper were among those present.

Rev. Edward Cummins, pastor of  
the church, conducted the simple  
services, which opened with the singing  
of the Doxology and a prayer by  
Rev. Charles G. Ames, D. D., of the  
Church of the Disciples. Rev. James  
De Normandie, D. D., read the scriptures  
and prayer was offered by Rev.  
Edward Cummins.

Two hymns were sung by the gathering,  
the ordination hymn written by  
Samuel Longfellow for his classmate  
in Harvard on the occasion of Dr.  
Hale's ordination in Worcester, and  
"Brattle Street." Arthur Hale, eldest  
son of the deceased, gave the closing  
word, rising and saying: "In accordance  
with an old custom of my father,  
I wish to thank you for your attendance  
here, and through you, all the friends  
throughout the whole world."

The body was then taken to the  
Forest Hills cemetery, where the  
burial services were strictly private.

## FIVE THOUSAND ARE KILLED

Tribesmen Ravaging Province in  
Northwestern Persia.

St. Petersburg, June 14.—A dispatch  
to the Novoe Vremya from Astara  
says that the Shakhsevan tribesmen  
are ravaging the Ardabil district in  
Azerbaijan, the most northwesterly  
provinces of Persia.

According to the dispatches, 5,000  
persons have been killed. The leading  
inhabitants have appealed to the  
Russian consul for protection.

## CHARGES AGAINST JAP STRIKE LEADERS

Conspiring to Riot and Conspiracy to Murder.

Honolulu, June 14.—Fifteen of the  
Japanese strike leaders arrested Saturday  
were given a preliminary hearing.  
District Judge W. L. Whitney held  
twelve of them for trial on charges  
of conspiring to riot and three for  
conspiracy to murder.

When the territorial district court  
convened in extraordinary session for  
the preliminary examination of the  
strike leaders, Sheriff Jarrett, with  
the approval of Judge A. J. Robinson,  
ordered that no crowds be allowed to  
assemble about the courthouse during  
the hearing, on the ground that it was  
likely to lead to disorders. This order  
was rigidly enforced by a large  
detail of police.

Following the action of the court,  
William P. Henry, territorial high  
sheriff, united with County Sheriff  
Jarrett in the issuance of a proclamation  
forbidding the assembling of  
large crowds anywhere in the territory  
while present conditions obtain.  
With thousands of idle Japanese excited  
over the arrest and trial of their  
countrymen the authorities deemed  
the order wise.

The authorities declare the evidence  
adduced before the grand jury  
and the papers secured in the Japanese  
high wage association raid furnished  
abundant grounds for the belief  
that the strikers intended from the  
beginning to resort to intimidation  
and violence in their effort to  
control the sugar industry and eventually  
the internal affairs of the territory.

District Attorney W. A. Kinney, who  
had charge of the prosecution, stated  
that the evidence disclosed the entire  
plan of the strikers in the inception  
of the agitation for higher wages. The  
plan, he says, included the controlling  
of the strike by a secret committee  
and the carrying on of a campaign  
among the Japanese laborers through  
the columns of the Nippu and the  
Jiji, two newspapers controlled by the  
leaders; the accumulation of funds for  
hiring attorneys to defend and furnish  
bail for those placed under arrest as  
a result of their activity; to unite in  
the punishment by strikes or otherwise  
of such planters as oppose the  
programme, and to boycott such of  
their own countrymen as refused their  
co-operation.

## WISCONSIN MEN DROWNED

Two of Them Perish in a Northern  
Minnesota Lake.

Duluth, June 14.—F. C. Cole and  
Hans Bergam, the former thirty-five  
years of age and the latter thirty,  
both employed at the Hawkins mine  
near Nashauk, and married, were  
drowned in Pickrel lake. Their  
boat was overturned in some manner.  
Cole's body has been recovered. The  
men were from Hersey, Wis., and  
their families reside there.

## Two Women Drowned.

East St. Louis, Ill., June 14.—Mrs.  
Mary Nelson, thirty years of age, and  
Mrs. Mary T. Campbell, fifty-four  
years of age, were drowned in Cahokia  
creek five miles north of here when  
their boat struck a snag. Their companions,  
a woman and two children,  
were saved by a deputy sheriff.

## SELLS READY PRINT PLANT

St. Paul Dispatch Disposes of North-  
western Newspaper Union.

St. Paul, June 14.—The Northwest-  
ern Newspaper Union, which before  
the sale of the Pioneer Press to the  
Dispatch was operated by the former,  
has been sold. It is understood that  
the purchaser is the Western Newspaper  
Union of Omaha. No statement  
has been made as yet by the latter  
company, but undoubtedly within a  
short time all ready print papers on  
the Northwestern Newspaper Union's  
list will be transferred to the West-  
ern Newspaper Union's list.

## ROYAL MAIDS.

When They Wish to Marry They Must  
Do the Proposing.

When a reigning queen is to be married  
she must be the one to broach the  
subject first to her future consort.  
The same rule holds good with regard  
to all royal ladies who marry commoners.

The late Queen Victoria has told how  
she managed to "put the question" to  
Prince Albert—how she first showed  
him Windsor and its beauties and the  
distant landscape and then said, "All  
this may be yours." The queen of Holland  
on a like occasion simply sent a  
sprig of white heather, begging Prince  
Henry to look out its meaning in a  
book of flowers and their meanings.  
The Duchess of Argyll took the following  
means of proposing to the Marquis  
of Lorne: She was about to attend  
a state ball and gave it out that she  
would choose as her partner for the  
first dance the man she intended to  
honor. She selected the marquis, who  
subsequently became her husband.

But perhaps the most interesting of  
all ways chosen was that of the Duchess  
of Fife. She took the earl, as he  
then was, to a drawer and showed him  
its contents. There he saw a number  
of trifles he had given her at different  
times, including sprigs of several kinds  
of flowers, now dead, he had picked  
for her at various times. He was  
much impressed at the sight, nor did  
it require words on her part to make  
her meaning plain.—London Answers.

Dorothy, aged five, after watching  
her mother making a pencil sketch  
said, "Mamma, I know what drawing  
is."

"Well, what is it, dear?"  
"It's just thinking and then making  
a mark around the think."—Chicago  
News.

## Make Your Home Beautiful

Is it tastefully and properly decorated?  
Is the wall paper old and faded?  
We are interested because we handle beautiful decorative  
papers. We always have something new as we are buying  
new goods all the time.

Varnished tiles 40c.

## THE DAILY DISPATCH

By Ingersoll & Wieland

### SUBSCRIPTION RATES

One Month..... Forty Cents  
One Year, strictly in advance, Four Dollars

Office in Dispatch Building on 6th St., opposite  
the Post Office.

Entered at the post-office at Brainerd, Minn.  
as second class matter.

MONDAY, JUNE 14, 1909.

### WEATHER FORECAST

Partly cloudy with probably showers  
tonight or Sunday.

### June 14 In American History.

1777—First form of American flag de-  
creed by congress. The resolution  
read "that the flag of the 13 United  
States be 13 stripes, alternate red  
and white; that the Union be 13  
stars, white in a blue field, repre-  
sented a new constellation."

1811—Harriet Beecher (Stowe) born;  
died 1896.

1842—Major Orlando Jay Smith, sol-  
dier, editor and philosophical writ-  
er, founder of the American Press  
Association, born; died Dec. 20,  
1908.

1908—Frank C. Bangs, an American  
actor, long associated with Edwin  
Booth, Charlotte Cushman and  
Laura Keane, died; born 1837.

### ASTRONOMICAL EVENTS.

Sun sets 7:28, rises 4:24; moon rises  
2:46 a. m.; 6 p. m. Mercury at inferior  
conjunction with the sun, the planet  
passing from east to west of that body  
and thus changing from evening to  
morning star.

### LOCAL NEWS NOTES

Weeks repairs lawnmowers. 3076th S.  
Awnings! Awnings! at D. M. Clark

wall paper just arrived. Price 10c of  
35c double roll. 251tf

Mrs. George Thomas and daughters  
went to Perham today to visit relatives  
for a few weeks.

H. O. Johnson, Adolph Stuen and  
Oscar Ritberg, of Virginia, were in the  
city Saturday night.

Miss Phyllis Kelehan returned today  
from Backus, her school work there be-  
ing closed for the year.

Mrs. P. A. Peterson and daughters  
left today noon for Parker's Prairie to  
visit relatives for a week.

Orne Sells sewing machines, washing  
machines, rugs (all sizes), clocks and  
wringers for cash or on easy payments  
at the Singer store. 252tf

Mrs. S. L. Ward, left Sunday noon  
for Hardieville, Wis., call there by the  
illness of a brother-in-law.

"Frency," the boot black, is suffer-  
ing with Job's comforts, and is wear-  
ing his face in a sling because thereof.

Mrs. F. J. Slipp returned today noon  
from an over Sunday visit with her  
sister, Mrs. Wm. Murray, at Nisswa.

Phone D. M. Clark & Co., to get  
your lawn mower repaired and sharp-  
ened. Satisfaction guaranteed. 251tf

Misses Jessie and Elsie Evans left to-  
day for Duluth where they will attend  
the summer school at the Duluth Nor-  
mal.

Jacob Schmidt's bottle beer is deli-  
cious. We have the agency. Order a  
case. Telephone 164 John Coates Liquor  
Co. tf

Miss Louise P. Barret left today  
noon for Staples, and from there ex-  
pects to go Denver and Spokane for an  
outing.

Miss Lulu Palmer, of Motley, return-  
ed home today after having spent a  
week at the home of Mr. and Mrs. A.  
J. Loom.

Miss Florence Whitford, who has  
been having serious trouble with her  
eyes the past few weeks is improving  
steadily now.

Miss Fleda McDougall and Wm. Mc-  
Dougall, of Royalton, returned home  
today after a visit with Miss Maud and  
and Earl Arnold.

Mrs. John Carlson and a party of  
friends who had been spending Sunday  
at the Carlson cottage on Long Lake,  
returned home today.

Mr. and Mrs. R. D. King and little  
one went to Sylvan Sunday noon to  
stay at the home of Mr. and Mrs. W.  
B. Jones for a week.

Mrs. C. E. Smith of Verndale, re-  
turned home today after having spent  
Sunday with her husband, who is ill at  
St. Joseph's hospital.

Mrs. W. J. Prendergast left for her  
home in Penn., N. D., today after a  
visit at the home of her parents, Mr.  
and Mrs. L. W. Burrell.

Newman Kline, superintendent of  
the St. Paul division of the Northern  
Pacific railway, was in the city on busi-  
ness Saturday evening.

F. J. Thomas, manager of the Mah-  
lum Lumber Company's plant at Deer-  
wood, came over Saturday night and  
spent Sunday in the city.

Miss Florence Malm, who just fin-  
ished her year's work as teacher in the  
Pine River schools, was in Brainerd to-  
day on her way to Pillager.

E. F. Berrisford, of Mahtowa, Minn.,  
spent Sunday here with his wife, who  
is visiting at the home of her parents,  
Mr. and Mrs. T. E. Smith.

Mrs. H. A. Knapp and Mrs. J. G.  
Smylie left today noon for Detroit,  
Minn., to visit friends and enjoy the  
lake breezes for a few days.

Mrs. Gussie Small and children re-  
turned today from Pequot, where they  
had been visiting Mr. Small's parents,  
Mr. and Mrs. W. H. Onstine.

Mrs. R. J. Hartley and son Sherwood  
left this afternoon for Benton Harbor,  
Mich., where she will visit relatives  
for a couple of months or more.

Mrs. Harry Congdon and little daugh-  
ter Adel, left for Staples this noon  
having been a guest at the home of J.  
C. and Mrs. Congdon since Friday.

The U. O. 2 B. in Its will give a pic-  
nic tomorrow afternoon, on the bank  
of the Mississippi river near this city,  
and are expecting a glorious time.

O'Dell & Gilmore, who will put on the  
farce comedy "In Sweet Charity," at  
the Bijou this week are in the city and  
make their first appearance tonight.

D. M. Clark & Co. have a new method  
of putting rubber tires on go-carts.  
251tf

Homestead No. 602 B. A. Y. and  
White Sand lodge No. 360, M. B. of A.  
will hold joint Memorial services, Sun-  
day, June 20th at 3 p. m. in Elks' hall.

Weeks repairs Bicycles. 307 6th S. tf

Geo. F. Edquist, of Klondike, was in  
the city Sunday, having come in Sat-  
urday to attend the special meeting of  
the county commissioners Saturday  
evening.

Mrs. Wm. Grand, who recently un-  
derwent a serious surgical operation,  
went to Staples yesterday afternoon to  
visit relatives for a week or so while  
recuperating.

There have been 300 baths taken at  
the Y. M. C. A. within the past four  
weeks. Of these over 60 were taken  
Saturday and over 75 one hot Satur-  
day a couple of weeks ago.

Neil O'Brien returned Friday night  
from Notre Dame, Ind., where he has  
been attending school and already has  
his coat off and is hard at work in the  
O'Brien Mercantile Co's store.

Don't forget the dance to be given  
tonight by Court Mississippi No. 55,  
United Order of Foresters, in Colum-  
bian hall. There will be good music in  
attendance and everybody invited.

Dr. R. A. Beise went to Minneapolis  
Sunday noon to meet Mrs. Beise and  
their little one who were on their way  
home from a visit with relatives at Job-  
lin, Mo. They returned home today  
noon.

Mr. and Mrs. H. F. Michael and Mr.  
and Mrs. F. Burt Mooers went to  
Nisswa this afternoon for a brief out-  
ing. Dr. Hellwarth will go up tonight

to join them. All will return tomor-  
row noon.

The regular monthly meeting of the  
W. C. T. U. will be held with Mrs. A.  
P. Apgar, 119 3rd Ave. N. E., tomor-  
row afternoon. After the business  
session a reception will be held for the  
new members.

D. M. Clark & Co. the oldest install-  
ment house in the city. Goods sold  
on easy terms. 251tf

Mr. and Mrs. J. M. Phillippi and  
daughter, of Bemidji, were in the city  
today enroute to Anaconda, Mont.  
They expect to make their future home  
in Montana but have not yet decided at  
just what place.

B. Williams, a civil engineer from  
Chicago, arrived Saturday and is en-  
gaged in making a thorough examina-  
tion and inventory of the waterworks  
plant preparatory to appearing before  
appraisers in behalf of the company.

A team belonging to August Nelson,  
living east of the city, indulged in a  
runaway down Laurel street Saturday.  
They were stopped near the creamery  
by J. W. Hawkins, who is driving one  
of the O'Brien Mercantile Co's teams.

LOST—A bunch of keys bearing tag  
marked, "B. W. Talcott, Sioux Rap-  
ids, Iowa." Finder please return to  
Dispatch office for reward. tf

Mrs. F. H. Gruenhagen and little  
Fritz went to St. Cloud this afternoon.  
They were called there by the death of  
Mrs. Gruenhagen's nephew, Fritz Hor-  
ner, which occurred in Arkansas last  
Friday. Mrs. Horner, mother of the  
deceased is reported as prostrated from  
the shock.

Harry Titus, a local disciple of Isaac  
Walton on Sunday secured a speckled  
trout in Whiteley creek which weighed  
four and a half pounds after it was  
dressed. It was on exhibition at West's  
Cafe on Monday and was certainly the  
finest specimen of its kind seen in  
Brainerd in a long time.

Mr. and Mrs. I. U. White and Mr.  
and Mrs. Louis Hohman, Jr., spent  
Sunday at the White cottage at Gull  
lake. Mr. Hohman states that the rain  
Saturday afternoon came within  
three miles of Brainerd. It was very  
heavy at Gull lake and there was also  
heavy rain there yesterday.

Mrs. L. Burno, of Minneapolis, who  
has been visiting her mother, Mrs. T.  
D. Hastings, left this afternoon for her  
home. She was accompanied by Mr.  
Burno's mother, Mrs. Caroline Burno,  
who will visit Minneapolis for a time.  
Mrs. Hastings is improving rapidly and  
expects to be able to leave the hospital  
this week.

The annual memorial services of the  
I. O. O. F. were somewhat marred  
Sunday morning by the threatening  
weather, which detracted from the at-  
tendance in the cemetery, when the  
ritualistic services of the order were  
enacted by Unity Lodge. In the even-  
ing in the First Presbyterian church  
Rev. W. J. Lowrie gave an earnest  
and helpful address on "The Three  
Links."

J. C. Barber came in from Twin Oaks  
today and left for Chicago. After a few  
hours there he will leave tomorrow af-  
ternoon for New York, where he goes on  
business. He expects to be back here  
in about ten days. He states that con-  
ditions in the east were improving when  
he was there last week and that he  
finds that the warehouses of the manu-  
facturers, especially of farm imple-  
ments, are practically empty and he  
looks for a decided revival of manu-  
facturing throughout the country.

A very pleasant farewell surprise  
was tendered Mrs. Herman Davis at  
the home of Mrs. C. B. Rowley Sat-  
urday night. The hostesses were Mes-  
dames Rowley, J. F. Russell and A. J.  
Keating. About 20 of the intimate  
lady friends of Mrs. Davis were invited  
and the evening was pleasantly  
spent with 500. A handsome picture  
was presented Mrs. Davis by the la-  
dies present. The head prize at cards  
was won by Miss Marie Canan. Light  
refreshments were served. Mrs. Da-  
vis left today noon to join her husband,  
who is in the office of the city ticket  
agent of the Northern Pacific at Spo-  
kane.

Former Sheriff O. P. Erickson and  
Deputy Sheriff Theorin went to Crook-  
ston yesterday called there as witness-  
es in the case of E. L. Stoyke vs. the  
Cudahy Packing company and Mr.  
Erickson. The recent suit grows out  
of the closing out of Mr. Stoyke by the  
Cudahy Packing company when the  
former was in the meat market business  
in the Walker block. He owed the  
Cudahy company for meat and they at-  
tached the contents of the shop, tools  
etc., and sold them under judgment.

Mr. Stoyke now claims that the tools  
were exempt as, under the law exempt-  
ing the tools of a mechanic from exe-  
cution, and has sued the sheriff and  
the company for damages. Mr. Erick-  
son is protected by a bond furnished by  
the Cudahy company and is a party  
to the suit only in name. The case  
came on in the district court for Polk  
county today, or at least that was the  
expectation of Messrs. Theorin and  
Erickson when they left Brainerd.

**A Lesson in Health**  
Healthy kidneys filter the impurities  
from the blood, and unless they do this  
good health is impossible. Foley's Kid-  
ney Cure makes sound kidneys and will  
positively cure all forms of kidney and  
bladder disease. It strengthens the  
whole system. H. P. Dunn. m w f

### London Snowstorms.

The purifying effect of a snowstorm  
on city air was shown in London by  
experiments which demonstrated five  
times the amount of impurities on  
week days, when all the factories are  
active, as on Sundays. It was figured  
out that nevertheless a single Sunday  
snowstorm carried to the surface of  
the county of London 75 tons of dis-  
solved solids, 142 tons of suspended  
matters, 100 tons of coal, 25 tons of  
salt and a ton of ammonia.—London  
Chronicle.

### A Sudden Start.

"You used to go to school with Cop-  
pers, the new millionaire, didn't you?"  
"I did. Fact is, I gave him his first  
start in life."  
"How?"  
"With a bent pin."—Cleveland Plain  
Dealer

### Earthquake in France.

Marseilles, June 12.—Two earth-  
quake shocks were felt throughout the  
Riviera. While the damage done here  
was not great, reports from smaller  
cities show that the effects of the sec-  
ond shock were serious. At Lambes  
several houses collapsed and eight  
persons were killed.

# BRainerd Wins HOT CONTEST

## Tower Has Excellent Control and Holds Royaltion to Three Hits

### TEAMS PLAY WONDERFUL BALL

#### Loom Ends Game With a Sensational Double Unassisted

Frank Little, although he did not play himself, did a big afternoon's work at Royaltion yesterday afternoon, for he drove the local team through the ambitious Royaltion sluggers, urged his team on to a decisive victory and then left with his band for this city in the hope of doing things to Bemidji at that place next Sunday. It was quite a shock to the small crowd in attendance. About 400 people witnessed the contest which was deserving of a crowd of two or three thousand.

When Art Tower, the local pitcher peeled off for action, the populace scented a battle, and there was one for nine straight innings. The local team got busy and sewed up the game in the second inning, Royaltion scoring then, after which they settled down and put up the real article for seven innings. Fred Galley, of Royaltion, officiated as umpire, and should be given great credit for his straightforward manner in giving his decisions. His work was first class and the local aggregation were more than satisfied with his work.

The game started with Brainerd at bat. Jacobs was first up and took four balls. Place hit to the pitcher, who tried to catch Jacobs at second, but both were safe on a bad throw. Doty walked home. With three men on bases and no one gone, Templeton bunted and reached first, Jacobs scoring the first run on the play. Paine sacrificed to short, Place scoring the second and last run for the locals. Carlson struck out and Ousdahl was out at first, on a hit to second base.

T. Hayes was first up in the second for Royaltion and got hit by a pitched ball, McDougal taking his place at first as base runner. Hayes stole second and reached third on a bad throw by Carlson, scoring Royaltion's lone run on the throw. McGonagle was next up and was caught at first on a hit to Short. Russell and Street fanned the air. From then on there was nothing doing in the run-getting line for either team. Time after time Royaltion had excellent chances to score but Tower would come forward and give an exhibition of pinch-pitching that would make Mathewsyn look like an amateur. Tower had a slight advantage over Doty, the opposing pitcher, being credited with 12 strike out, Doty getting 11. Brainerd got 7 hits and Royaltion 3. Royaltion had another excellent chance to score in the last half of the ninth when McGonagle reached first on an error by Carlson going to second on the same play. Russell singled to Place putting McGonagle on third. Street knocked a pop-up fly back of third and Loom made the best catch of the game, making an unassisted double play by touching McGonagle out at third.

Score by innings:  
Brainerd—2 0 0 0 0 0 0 0—2  
Royaltion—0 1 0 0 0 0 0 0—1  
Hits by Doty, 7; off Tower, 3, two-base hits, Paine, Parker and Neuman. Struck out by Tower, 12; Doty 11; bases on balls, Tower 1; Doty 2. Errors, Brainerd 4, Royaltion 6.

# HAD FOOT AMPUTATED

## Will Wagner, Living Near Staples, Lost Right Foot From Wearing a Shoe That was Too Tight

Will Wagner, a lad whose parents reside about nine miles from Staples, left for his home today after spending a month in a local hospital. Young Wagner, who is about 13 years of age, was compelled to suffer the amputation of a foot because of blood poisoning. He got a small sore on his foot from wearing too tight a shoe and blood poisoning setting in it became necessary to sacrifice the foot to save his life.

# Cured Hemorrhages of the Lungs

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. H. P. Dunn.

The Acorn.  
Take a large acorn, suspend it by a thread so as to nearly touch the water in any glass vessel, set it upon your mantelshelf, bracket or table and let it stand there for about two months without in any way interfering with it excepting to supply fresh water. The acorn will burst, throw a root down into the water and a stem upward, sending out from the stem beautiful green leaves.—Home Notes.

# COUNTY COMMISSIONERS

## Proceedings of the County Commissioners, Adjourned Meeting

### Held June 12th, 1909

Pursuant to adjournment the board met on Saturday evening, June 12th, 1909, at 8 o'clock.  
All members present except Commissioner Keinow.

Four bids were opened for building the approaches to the bridge across Long Lake narrows. Upon motion the contract was awarded to John, Peterson for \$125.00, the county to furnish wire for binding the brush for corduroy. Arrangements were also made with Mr. Peterson to fix the mud hole a short distance south of the approach for the sum of \$10.00.

The following bids were opened for the proposed improvements on state highway No. 3, starting at the dam at Brainerd and leading north two miles: Ratari Bros. \$1 790  
John Peterson, to do the grading without culverts for 22 cents per cubic yard or..... 1 777  
John Setula..... 1 740  
A. D. Peterson..... 1 388

A motion was made and carried awarding the contract to A. D. Peterson at the proposed price, and that the county attorney be instructed to draw up a contract in accordance therewith.

A motion was made and carried directing the auditor to notify the Northwestern Telephone Exchange Company to remove their poles from the right of way along this portion of the road so that the contractor could proceed with his work at once, poles to be set not more than two feet from the property line.

A motion prevailed to purchase 100 feet of hose for use on the court house yard and the chairman appointed Commissioner Kreech to make the purchase.  
Commissioner Edquist made report upon the probable cost of opening up road on the north and south quarter line in section 5, Nokay Lake town. He estimated that \$450.00 would do the work. No action was taken in the matter.

Report of the county surveyor giving final acceptance on the contract of Frank Veillette on state road No. 1 and of John Setula also on state road No. 1, was accepted and it was ordered that the contractor in each case be paid the balance due without further delay.

The plat of "Boruszak" which had been recently laid out was presented to the board for approval. Upon referring to the county surveyor it was found that the plat was not finished in accordance with law, and the county surveyor was directed to make a notation of the necessary change and refer the plat back to Engineer W. H. Hallett for correction.

The bill of Jos. Franke in the amount of \$2.80 which was laid over from last meeting, also a bill of F. J. Reid for \$35.40 for boarding prisoners for the month of May were both allowed.  
On motion duly carried meeting adjourned sine die.

Attest: J. F. SMART,  
County Auditor

A man who is in perfect health, so he can do an honest day's work when necessary, has much for which he should be thankful. Mr. L. C. Rodgers, of Branchton, Pa., writes that he was not only unable to work, but he couldn't stoop over to tie his own shoes. Six bottles of Foley's Kidney Cure made a new man of him. He says, "Success to Foley's Kidney Cure." H. P. Dunn.

# AMATEUR BASE BALL

The Brainerd Pickets defeated the Keystones at Koerings Park last Sunday afternoon by a score of 10 to 0. The battery for the Pickets was Rasmussen and Swanson and for the Keystones, Thomas and Swanson.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. H. P. Dunn.

# Week End Excursions

Via the South Shore for Detroit, Toledo, Cleveland and Buffalo by rail to St. Ignace thence D. & C. N. Company's steamers, leaving Duluth every Friday, June 4 to July 30. To Detroit and return \$17.00. Limit Sept. 15.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

# Rosenberg-Fowler

## The following from a Glendive, Mont., paper of June 2d, will prove of interest to the many friends of the groom in Brainerd:

"On Wednesday evening, June 2nd., amid the sweetness of a coming summer Miss Elizabeth Louise Fowler became the bride of Henry Elmer Rosenberg. The bridal party entered the Episcopal church as the strains of the wedding march floated out in the evening air and were met at the chancel by Rev. English who, using the beautiful service of the Episcopal ritual pronounced the solemn words that made the happy pair one—to fare forth on that journey whose steps are ever strewn with flowers.

"The bride, who was given away by her father, was handsomely gowned in white satin covered with chiffon and carried a shower bouquet of roses. Slender and as graceful as a willow wand as it bends to the breeze her beauty was enhanced by the excitement of the hour. No more popular young lady has given herself as a bride in recent years in Glendive. Her friends and admirers are numbered by the legion and none have named her but to praise.

"The groomsmen is a popular employee of the Northern Pacific railway company being in the master mechanic's office. Before coming to Glendive his home was at Brainerd, Minn. Since coming here he has by his strict integrity and attendance to business made a host of friends who congratulate him most heartily on having been able to secure Miss Fowler as a life partner.

"After the ceremony a quiet reception was held where were gathered only members of the immediate families. There were many handsome and useful presents sent in token of the love and esteem in which the young couple are held.

"They left on the 10 o'clock train for Minneapolis, St. Paul, New York, Washington and other points in the east.

"Among the out of town guests present were Mrs. Rosenberg and Miss Rosenberg, of Brainerd, mother and sister of the groom, Mrs. Dieckhaus, of Brainerd, aunt of the groom, and Mr. and Mrs. Baker, of Brown's Valley, Minn., Mrs. Baker being a sister of the bride."

Will Cure Consumption  
A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. H. P. Dunn.

Novelty In Islands.  
A great French gun company has constructed an artificial island in the Mediterranean sea some distance out from Toulon to be used as an experimental station for torpedoes. It is called the "Ile des Torpilles," which means the Island of Torpedoes, and the method of its construction is ingenious. When the idea first presented itself to the company a small island in a proper locality was searched for, but without success. Therefore the company decided to build a hollow concrete island, float it to the position desired and sink it to the sea bottom. The huge structure, seventy-five feet long, fifty feet wide and about seventy feet in height, was constructed on the banks of the Seine, launched and towed to its position in the Mediterranean.

Weather Charts in Schools.  
Study of weather charts is now general in the elementary schools of Hanover and Schleswig-Holstein with the object of making their value in agriculture better known.

Professional Relics.  
Doctor (to lawyer going through the medical museum)—Your profession does not offer any opportunity for the collection of professional relics. Lawyer—I am not so sure about that. I have a unique collection of family skeletons at my office.—Puck.

# INSPECTING LINE

## Messrs. Gemmell and Strachan Spent Some Time in Bemidji Looking Over M. & I. Property

Bemidji, Minn., June 14.—Rumored improvements to local railroad property are still in the embryo, according to General Manager Gemmell and Superintendent Strachan, of the Minnesota & International railway, who were visitors in Bemidji Friday and Saturday, looking over the company's property and incidentally also making a trip over the line of the M. R. I. & M. road, in their special gasoline car, which is one of the most complete cars of its kind in the state.

Messrs. Gemmell and Strachan came to Bemidji from the north, arriving here about noon yesterday, after making a close inspection of the line north of here.

Messrs. Gemmell and Strachan, accompanied by F. D. Lyon, of St. Paul, traveling passenger agent for the Rock Island; and Charles Scheaffer, of Duluth, traveling passenger agent for the Duluth, South Shore & Atlantic, were taken down the Mississippi river to the power dam, eight miles east of Bemidji, in gasoline launches, yesterday afternoon, and the entire party of railway men expressed themselves enthusiastically as to the beauty and attractiveness of Lake Bemidji and its tributaries for boating, camping, bathing and fishing.

# HAD GOOD MEETING

Large Crowd Attended Open Air Meeting Despite the Threatening Weather

The weather man was unable to queer the meeting at the Y. M. C. A. Sunday afternoon though he tried to frighten the people away with threatening of rain. Despite this there were about 200 who gathered to listen to an able earnest address by Alderman Watson S. Moore, of Duluth. The address was well liked by all who heard it and undoubtedly did much good. Mr. Moore is a practical example of the "Christian Citizenship," of which he spoke and is a man whom other men instinctively have confidence in. The Y. M. C. A. expects to have other open air meetings soon. The Brainerd City band kindly donated their services yesterday afternoon and furnished some excellent music. Mr. Moore also spoke at the First Methodist Episcopal church in the evening and had a good sized audience, to whom he gave a fine address.

W. R. Ward, of Dy esburg, Tenn., writes: "This is to certify that I have used Orino [Laxative Fruit Syrup for chronic constipation, and it has proven, without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." H. P. Dunn.

# TWENTY YEARS AGO

Minneapolis is suffering from a log famine, only two mills being in operation. Better bring them to Brainerd where they can run the entire season.

Sid Wilson, residing between Motley and Staples is in jail at Long Prairie charged with attempting to wreck Northern Pacific trains by putting ties on the track.

The rumor that Peter Abear was burned to death in the Seattle fire proved to be a false one.

The blueberry crop will probably not be over half as large this year in this section as previous years because of the ravages of forest fire.

A reunion of the old settlers who have resided in Brainerd or within fifteen miles thereof over 14 years was held Tuesday. Among the members are Adam Brown, R. K. Whiteley, J. C. Congdon, Adam Belmont, Walter Davis, A. Mahlum, G. W. Holland, R. Parker, J. S. Gardner, Jeff Saunders, A. E. Veon, A. G. Lagerquist, F. E. Lowe, H. J. Cunningham, John Falconer, Chris Miller, Nick Heller, A. J. Wilson, John Murphy. The club will meet the first Tuesday in May and November of each year.

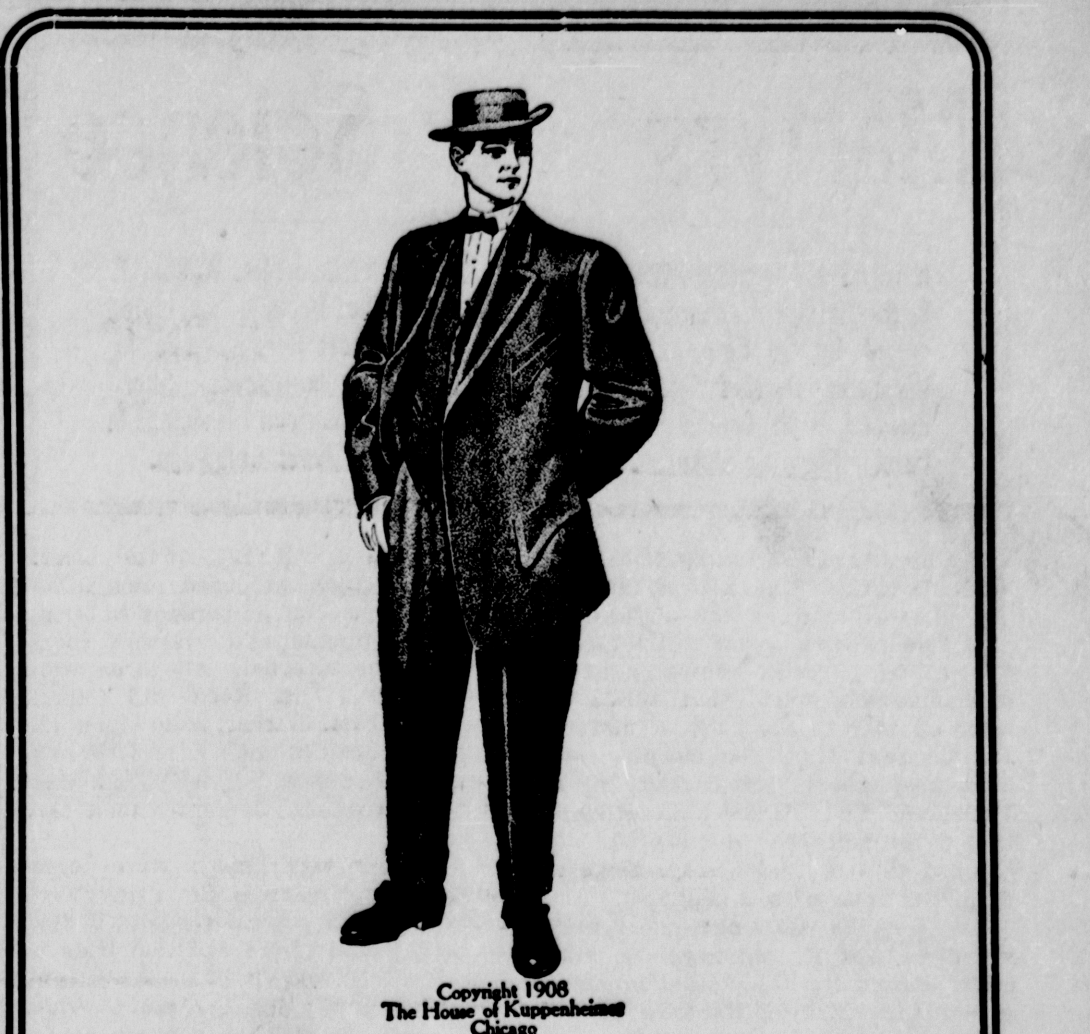

The next meeting of the state firemen's association will be held in Brainerd in June next. Dan McIntosh was elected president of the association at Alexandria this week.

The graduating class of the Brainerd high school, consisting of two young ladies, Miss Katie Canan and Miss Grace Clark received their diplomas Friday evening, the commencement exercises being held in the Sleeper opera house.

# Her Bargain.

An Oil City man, who was detained at the house for a part of the day, handed his wife, who was going downtown, a quarter of a dollar and requested her to get him three cigars for it, according to the Blitzard.

When she returned she handed him the package, remarking exultantly: "That shows that women can beat men all hollow when it comes to making purchases. I found a place where I could get eight for a quarter instead of three. Isn't that going some?" And the poor man, as he took his medicine, merely remarked: "It certainly is, dear."

The Man who looks his best, Does his best—as a rule.

There's a splendid incentive to accomplish big things that goes with the cream of good clothes—clothes made by

# The House of Kuppenheimer

Whatever your idea may be as to style and fabric, you'll find we have a match for it here.

And the Kuppenheimer label is your assurance of lasting value.

There isn't a color, shade, pattern or style that is right, which you won't find here. You'll be interested in inspecting the display and you'll find some special quality touches in tailoring that will delight you.

616 Front Street.

Ice by Mail For Nevada Millionaire.  
Uncle Sam's ability to handle almost anything as mail matter was recently demonstrated when fifteen pounds of ice carefully wrapped in a rubber covering were forwarded to Dr. A. M. Miller of Hawthorne, Nev., the package being consigned to him by an ice company in Reno, Nev. It was very sultry in Hawthorne the other day, and Dr. Miller, who is a millionaire, longed for a cooling drink. He telegraphed for fifteen pounds of ice by mail. It was forwarded as requested, bearing man stamps. Eleven pounds were lost in transit.

Three Meals at Once.  
"Now, Mary," said her mistress, "you must come to the door of the drawing room and say, 'Breakfast is ready, and supper is ready, but dinner is served.'"  
The newly corralled domestic inwardly digested the concise instructions and that evening convulsed the guests who were awaiting the announcement of dinner by stepping between the portieres, dropping a courtesy and repeating, "Breakfast is ready and supper is ready, but dinner is ser-ved!"—Philadelphia Ledger.

Badly Expressed.  
"The human monstrosity," said a young lady attending a fair with her sweetheart. "Threepence! Wouldn't you like to have a look at that, Herbert?"  
"No, dear," answered Herbert, anxious to bestow a neat compliment; "I am quite content to look at you."—London Mail.

Lake Champlain's Monument.  
The monument to commemorate the discovery of Lake Champlain by Samuel de Champlain is now spoken of as likely to be erected on Split Rock point, says a Burlington (Vt.) dispatch. The lake at that point is only about half a mile wide, but just to the north gradually broadens to its greatest width, fourteen miles. Those who favor the Split Rock site point out the fact that the monument, if erected there, would be in full view of all craft traversing the lake north or south and that a light placed at the top of the shaft would be visible for more than fifty miles in both directions.

Great Electric Power Station.  
The largest electric power station in the world is planned for a suburb of Johannesburg, South Africa, where a high waterfall will be utilized to furnish current to operate practically all the mines of that district.

Buy your shoes where you like. Bring them to me and I will fix them right. Shoes half sold while you wait. J. GOLBERG, The Wide Awake Shoe Maker. 305 South Sixth Street.

Let 'em come while the

# Martyrs to Science

Heroism of Physicians Who Fell in the Service of Humanity Recalled by the Fate of Seven European Doctors Who Succumbed While Coping With the Fatal "Sleeping Sickness."

Gallant Fight of Dr. William T. Bull, Who Became Inoculated With Cancer Germs While Investigating the Disease—Sacrifices of American Physicians in the Yellow Fever Campaign.

By JAMES A. EDGERTON.  
INCIDENT to the visit of Theodore Roosevelt to the zone of the dread "sleeping sickness" in East Africa a little three line news item came to the outside world that added one more chapter to the book of martyrs. It was sent from the sleeping sickness hospitals presided over by Sir David and Lady Bruce and recounted that seven European doctors had succumbed to the fatal disease since attempts to cope with it began.

Not only is the age of heroism not dead, but it was never so much alive. Few more unselfish examples of personal sacrifice for the sake of truth and humanity have ever been recorded than those chronicled in the newspapers day by day of the men who risk life and lose it that they may save mankind from plague and contagion.

One of the most recent examples is that of Dr. William T. Bull, the eminent New York surgeon. Dr. Bull had all that men most prize in life—wealth, education, a young wife and children, social position and a standing in the front rank of his profession. He was of one of the old families of the metropolis, had houses in New York and Newport and married Mrs. James G. Blaine, Jr., after her divorce. Dr. Bull was the partner of one of the most eminent surgeons in Vienna, and his standing throughout the world was such that when a great English physician had appendicitis just after that disease was first discovered he sent for Dr. Bull to perform the operation.

first sacrifices. All three of the American physicians procured mosquitoes they knew had bitten persons suffering from the plague and allowed themselves to be infected. All three were stricken, but Drs. Reed and Carroll recovered. Dr. Lazear, who upon the first exposure did not contract the disease, again exposed himself and died as a result of the virulent attack that followed.

As further experiments were necessary, volunteers from the army were called for, and several responded, just as they would if the call had been to face death from bullets instead of from the equally deadly disease germs. Nearly all the stricken soldiers recovered, though one afterward developed a spinal affection as a result of the experiments that made him an invalid for the brief time he was left to live. In this notable campaign Dr. Lazear was as truly a martyr as were those who died at the stake for religious liberty. Nor was the sacrifice in a less worthy cause, for these experiments established facts through the knowledge of which one of the most dreaded plagues of the human race was arrested and is in a fair way to be stamped out entirely. One man died that millions might live.

## Victims of the Roentgen Ray.

The X ray claimed an even greater array of martyrs. Notable among these were Dr. Louis A. Zeigel of Rochester, Professor W. C. Fuchs of Chicago and Mr. Clarence M. Dally,

stant was stricken, and Dr. Muller could then have saved himself by ceasing his studies. He chose rather to observe the course of the disease in order that he might make a scientific record, though knowing full well that to do so would mean almost inevitably his own death. He took the chance and paid the price. Science was the gainer, and the goal of overcoming one more enemy of man was that much nearer.

When the famous Dr. Koch stated that cholera is contagious a German physician, Pattenkofer, combated the theory and offered to prove his contention by consuming the germs. At first he seemed successful, but on a later experiment demonstrated that Koch was right and himself wrong and paid the penalty with his life.

Among the most heroic of the soldiers of truth are those that visit leper colonies. The name of Father Damien Devenster, a Belgian priest, who was also a physician, is high on the roll. He not only went into a leper colony and ministered to the unfortunates, but devoted the remainder of his life to stirring up the government to care for the disease, proving that it was susceptible to treatment. Both he and his successor became lepers and finally died from the affliction, but they made such progress that Father Damien could say from his deathbed: "The cause of the lepers is now that of humanity. I am no longer needed here."

Another volunteer in behalf of the lepers showed a like heroism, but fortunately did not meet the same tragic ending, although at one time sores did appear on his hands, and he thought himself doomed. They afterward went away, however, though leaving their marks. The man is Dr. Eugene H. Plummer, American consul to Maracaibo, Venezuela. He not only photographed many cases and made an exhaustive report in the interests of science, but experimented with a secret medicine, obtaining favorable results. In one case that he recounts his well meant efforts came out disastrously. A former president of a certain state had become a leper, but was allowed to remain at his home. Dr. Plummer's treatment of this patient was so successful that it was reported he would recover. Thereupon his enemies, who had come into power, decided to deport him to the leper colony. On hearing this the victim shot himself.

## The Everyday Heroes.

Heroism in the medical profession is by no means confined to the conspicuous cases of those who risk life in some world noted experiment. It is shown in an almost equal degree by surgeons at hospitals, who run constant danger of blood poisoning, and by ordinary physicians, who are under the same danger and who also are in peril of contagion and infection. Two noted cases of physicians that died from blood poisoning contracted while operating are those of Dr. Charles Thomas Hunter of the Pennsylvania Medical school and Dr. Leslie M. Sweetman of Toronto, both receiving the deadly germs through slight scratches in the hand. Other cases of blood poisoning from similar causes, many of the attacks proving fatal, are those of Dr. John Wilson Gibbs of New York, who was bitten on the hand by a raving patient; Dr. George King, one of the most prominent physicians on Long Island, who succumbed through scratching his neck after he had performed an operation; Dr. A. drew J. McCosh of New York, infected by a patient through a slight abrasion on the hand; Dr. Dowling Benjamin of Camden, N. J., who was bitten while trying to open the throat of a young child with membranous croup; Dr. Charles Carroll Lee, president of the County Medical society of New York; Dr. E. W. Burnette, also of New York; Dr. John M. Byron, the bacteriologist, and scores of others.

The cases of heroism in the cause of science are not confined to the medical profession. They extend all the way down the ages from Galilei, who went to jail because he insisted that the world is round, to Professor Matteuci, who underwent grave peril to make scientific observations of the great eruption of Mount Vesuvius a few years ago. The other fine examples are those of Benjamin Franklin, who risked his life in the famous kite experiment by which he proved that lightning is identical with electricity, and William Thomas Green Morton, the American dentist who discovered the use of ether in surgical operations and who established that it is not fatal by experimenting with it upon himself. Happily in none of these celebrated instances was the supreme sacrifice of life exacted as the price for devotion to an ideal.

It is the medical profession, however, where the danger is greatest and the victims most numerous. The doctor is always face to face with disease in all its forms. Others may flee from contagion. He must ever rush into the midst of it. The average man may in most cases avoid infection from cancer, from tuberculosis, from blood poisoning and from the many other agonizing shapes that death assumes. The doctor is constantly exposed to these, and the slightest pimple or abrasion of the skin may offer the bacteria an entrance into his own body. Not only is he endangered in such ways, but he deliberately invites the most terrible scourges in order that he may observe the laws which govern them, discover their causes and if possible arrive at the means of their prevention and cure. Nor does he call all this heroism. He would scorn the name as an affectation or a pose. He faces death as a part of the day's work. It belongs to his calling. Possibly he is right. Perhaps every man should be ready to offer himself for humanity, for what is the unit, after all, compared to the mass?

## Martyrs In Other Fields.

There were several brave physicians who endangered themselves in the investigation of the bubonic plague, and one of them, Hermann Franz Muller, who carried on the famous researches in Vienna, paid with his life. An as-

# IN PURSUIT OF THE MUTINEERS

General Bandholtz to Assume Command of Troops.

WILL BE PRESSED WITH VIGOR

Search for the Mutinous Visayans Will Be Energetically Conducted by the Insular Government With the Object of Making an Example of Them. Several Columns of Troops Already Are in the Field.

Manila, June 14.—Brigadier General Harry H. Bandholtz, chief of the Philippine constabulary, who is at present on a tour of inspection in the island of Jolo, will at once proceed to Davao, Mindanao island, the scene of the mutiny of the Second company of constabulary on June 6, news of which reached here Sunday.

Brigadier General Bandholtz will assume personal command of the constabulary forces sent in pursuit of the mutineers. The insular government is determined to make an example of the mutinous Visayans who fled to the mountain fastnesses in the interior with their rifles and equipment, and the pursuit will be pressed with the utmost vigor until the last of the mutineers have been captured. Several columns of troops, both regular and constabulary, are already in the field.

Acting Governor General Forbes, who has returned from the province of Pampango and soon was in conference with Major General William Duvall, commanding the division of the Philippines, said:

"This affair, deplorable as it seems to have been, has not changed my opinion of the native constabulary, nor my belief in the general excellency and loyalty of the force. Judgment must be reserved until we receive further details of the mutiny and the causes that brought it about."

No additional details of the mutiny and of the three hours' fight made by Governor Walker and the Americans in the church at Davao have been received here. No telegraph connects with Davao. The only communication is by steamer from Zamboanga, a naval station on the extreme southwestern point of Mindanao, or from Malabang. There are no indications of any extensive military plans, aside from the ordering of several detachments to follow the mutineers.

## BANDITS ROB A GOLD MINE

Obtain Forty Thousand Dollars in Colorado.

Telluride, Colo., June 14.—Holding five men and two women helpless under the muzzles of revolvers, three masked men secured \$40,000 in gold from the bunk house of the Nellie mine on Bear creek, and made their escape after a pursuit that had its climax in an exhibition of stage fright on the part of the bold gun men. The only casualty was the wounding of one of the bandits' horses by one of the bandits.

The hold-up was the most daring which has occurred in the San Juan country for years. The men were evidently familiar with conditions at the mine and apparently knew that a clean-up had been made recently, as they were specific in their demands and departed immediately after securing the amalgam and the high-grade ore.

Fred Zannetti, a former employee of the mine, was arrested in Telluride, and is being held pending an investigation. The police allege that a mask similar to those worn by the bandits was found in Zannetti's room.

## MARKED BULLETS IN SHELLS

Captured in Raid on Shop of a Black Hand Suspect.

Marion, O., June 14.—Hundreds of shotgun shells containing cross-marked bullets were captured by Inspectors J. F. Oldfield and George Pate of Cincinnati in a spectacular raid on the shop of Sam Lima, the Black Hand suspect, at this place. The shells and cross-marks were identical with those found in Dennison, Bellefontaine and other towns visited by the officers. Lima, who was out on bail, met the officials with a great show of indignation and succeeded in delaying the search until one of six Italian women in the place had escaped. It is believed by the inspectors that this woman carried with her some documentary evidence and clues to the whereabouts of S. Lima, brother of Sam, who is sought by the authorities.

## St. Paul Man Killed.

St. Paul, June 14.—John Houlihan, a laborer, living at 71 West Third street, fell down the steps of the Aberdeen hotel and sustained a fracture of the skull. He was taken to the city hospital, where he died several hours later without regaining consciousness.

## Three Men Drowned.

St. Louis, June 14.—Three men were drowned by the overturning of a row boat on Creve Coeur lake, twenty-five miles west of here. The bodies have not been identified.

## NEW KIND OF ECLIPSE.

Professor Brashear Announces a Celestial Novelty For June 17.

Professor John A. Brashear of Allegheny, Pa., in a signed statement says that the eclipse of the sun on June 17 will be unlike any other eclipse within the knowledge of man. In part Professor Brashear says:

"The eclipse will be of a very interesting character from the fact that for a few seconds it will be an annular eclipse, then change to a total eclipse, then back to an annular eclipse for the second time."

"The writer cannot find record of such an occurrence in any history of astronomy, although we have records of annular eclipses for 400 years and of total eclipses for thousands of years. The eclipse as a partial phase of greater or lesser magnitude will sweep over the North American continent from the north, decreasing in size as it passes down through Canada and the states."

"The central line of a totality commences southeast of Tomsik, in Siberian Russia, courses only a few miles south of the north pole of the earth, skirts the east coast of Greenland, where totality ends near sunset."

## RAILROAD STATION ROBBED

Three Masked Men Loot That at New Ulm, Minn.

Winona, Minn., June 12.—The Chicago and Northwestern railroad station at New Ulm was held up and robbed by three masked men. Conductor A. E. Hutchings and Night Operator W. H. Wilder, who were alone in the station, failing to comply quickly enough to the demand to turn over the station money, were beaten with the butts of revolvers until unconscious. The robbers looted the safe of several hundred dollars and rifled the pockets of the injured men lying on the floor. The desperadoes escaped.

## Woman Killed by a Car.

Richmond, Ind., June 14.—Mrs. Dietrich Burnhagen of West Alexandria, O., was killed and her husband was fatally injured when a buggy in which they were driving was struck by an eastbound Dayton and Western traction car ten miles east of this city. Their child with them in the buggy escaped unhurt.

## Few Details of Disaster.

Paris, June 14.—The work of rescue among the villages in the south of France which suffered from the earthquake continues, but owing to the fact that communications are greatly interrupted details of the disaster are few.

## GRAIN AND PROVISION PRICES

### Minneapolis Wheat.

Minneapolis, June 12.—Wheat—July, \$1.33½; Sept., \$1.12½; Dec., \$1.09. On track—No. 1 hard, \$1.35½ @ 1.39½; No. 1 Northern, \$1.37½ @ 1.38½; No. 2 Northern, \$1.35½ @ 1.36½; No. 3 Northern, \$1.33½ @ 1.34½.

### Duluth Wheat and Flax.

Duluth, June 12.—Wheat—To arrive and on track—No. 1 hard, \$1.35½; No. 1 Northern, \$1.34½; No. 2 Northern, \$1.32½; July, \$1.31½; Sept., \$1.12½. Flax—To arrive and on track, \$1.81½; July, \$1.80½; Sept., \$1.53½; Oct., \$1.45.

### St. Paul Union Stock Yards.

St. Paul, June 12.—Cattle—Good to choice steers, \$5.00 @ 6.50; fair to good, \$4.50 @ 5.00; good to choice cows and heifers, \$3.00 @ 4.00; veals, \$5.25 @ 6.00. Hogs—\$7.00 @ 7.30. Sheep—Wethers, \$5.50 @ 6.00; yearlings, \$6.75 @ 7.00; lambs, \$7.25 @ 7.75; spring lambs, \$7.50 @ 8.50.

### Chicago Grain and Provisions.

Chicago, June 12.—Wheat—July, \$1.17½; Sept., \$1.10½; Dec., \$1.08½; May, \$1.11½. Corn—July, 73c; Sept., 70½ @ 70¾; Dec., 59c; May, 60¾c. Oats—July, 52½c; Sept., 44½c; Dec., 44c; May, 46½c. Pork—July, \$20.40; Sept., \$20.60. Butter—Creameries, 22 @ 26½c; dairies, 20½ @ 24½c. Eggs—19 @ 21½c. Poultry—Turkeys, 14c; chickens, 13c; springs, 20 @ 30c.

### Chicago Union Stock Yards.

Chicago, June 12.—Cattle—Beefers, \$5.20 @ 7.25; Texas steers, \$4.60 @ 6.20; Western steers, \$4.75 @ 6.30; stockers and feeders, \$3.60 @ 5.50; cows and heifers, \$2.50 @ 6.25; calves, \$6.00 @ 8.00. Hogs—Light, \$6.80 @ 7.37½; mixed, \$7.00 @ 7.65; heavy, \$7.10 @ 7.77½; rough, \$7.10 @ 7.30; good to choice heavy, \$7.30 @ 7.77½; pigs, \$5.90 @ 6.75. Sheep—Native, \$3.75 @ 6.10; yearlings, \$6.00 @ 7.15; lambs, \$5.25 @ 8.20.

The right kind of a breakfast means a splendid day's work with head, heart and hand. Delicious Corn Flakes served with good milk or cream and the addition of some fruit, makes the ideal breakfast. Remember it's the famous old E-C Process that produces the crisp, delicious flakes. Watch for the mark on the package.

## WANTS TO BE EXECUTIONER

Father of Victim Desires to Hang Son's Murderer.

New Orleans, June 14.—Following the signing of the death warrant of Leonardo Gebbia by Governor Sanders, Peter Lamana, father of the young man for complicity in whose murder the condemned man has been sentenced to pay the penalty on the gallows, declared that he would formally request the governor and the sheriff of St. Charles parish, in which the crime was committed, to permit him to act as executioner.

The crime for which Gebbia was convicted and for which it has been decreed he should hang was committed two years ago.

Walter Lamana, the twelve-year-old son of Peter Lamana, a well-to-do Italian of this city, was kidnapped and a ransom of \$5,000 demanded for him by the perpetrators of the crime, who operated under the sign of the Black Hand. The father declined to comply with the demands and the lad some days later was found dead, his head having been severed from his body.

## A Chance For Shelter.

Mr. Mooney disapproved of dueling as set forth and explained by his neighbor, Mr. Baumgarten. "Tis a haythenish, barbarous way o' conductin' a quarrel," said Mr. Mooney, with firmness.

"It is mooch like war," said his ponderous friend, "only in war dere is more beoples dikes part. It is no great difference, my friend."

"Sure there is, a big difference," said Mr. Mooney. "In war ye can lie in wait or get behind something, man!"—Youth's Companion.

# The Battle for Health

How to keep well. This is the problem Dr. A. W. Chase's Nerve Pills have helped many thousands of people to solve by reason of their extraordinary blood forming and system building qualities. The only sure foundation for health is rich, red blood and a vigorous nervous system.

Both of these result from the use of Dr. A. W. Chase's Nerve Pills. Even though you know of this great restorative as a cure for nervous exhaustion, prostration and paralysis, you may have overlooked it as a tonic to build up the system when it gets run down and you feel weak and miserable.

Mrs. G. B. ELLIOTT, 29 Stewart St., Dayton, Ohio, states:—"I felt debilitated, rundown, nervous, tired, lacked energy and strength. Dr. A. W. Chase's Nerve Pills built me right up, gave me restful sleep and good general health and energy. I gained seven pounds and consider them an excellent tonic."

The portrait and signature of A. W. Chase's M. D., the famous Receipt Book author, on every box, 50 cents at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
